Instructions for photo & video submissions:

There should be 2 photographs & 3 video segments submitted

Please stop video after completing each step

BE SURE THAT ENTIRE HORSE IS CLEARLY VISABLE IN ALL SEGMENTS (see examples below)

- Conformation shot / Side 1- photograph

- Stand horse square
- Photograph against clean background
- Be sure to get all of the horse in the photograph

- Conformation shot / Side 2 - photograph

- Stand horse square
- Photograph against clean background
- Be sure to get all of the horse in the photograph
- Show handler in photo for height reference

- Walking Shot # 1 Front -video

- Have horse walk straight at camera, approx. 15 steps
- Stop horse and stand for approx. 30 seconds, showing horse from front
- Be sure entire horse is in frame (see photo right)

- Walking shot # 2 Back - video

- From standing position (above), turn and have horse walk away from camera approximately 15 steps
- Stop horse and stand for approx. 30 seconds, showing horse from back
- Be sure entire horse is in the frame

- Walking shot # 3 Side View - video

- Video person should stand in one place, central to the walk
- From standing position, have horse take approx. 15 steps (while videoing) then turn and walk back approx. 15 steps
- Be sure entire horse is in frame and camera (or phone) is steady
